Dedication

Dedication

I dedicate this book to my wife, Pastor Christie Adeosun for her patience as this book took the greater part of my time most of the time and for her total support for our ministry. Some times, I do things I have no time to explain to her because of the urgency placed on a certain instructions, she is always there for me and wholeheartedly supports me all the time, every time.

Also to my children for giving me the space most of the times to meditate and study. They make our house a silent sanctuary and the right environment for a busy pastor that their father is.

This is one of such avenue that I am glad to celebrate these wonder creatures of God that the Creator gave to an undeserving me.

Acknowledgement

Acknowledgment

My special thanks goes to all listeners of our powerful weekly podcast, "Ohun Aanu". I express my profound appreciation to you all for downloading and listening to my messages. I should also acknowledge your good works of sharing it on various social media platforms. It is evident that the podcast, thanks to you, has become a phenomenon.

I can vividly recollect an occasion when my wife got one of our podcast episode from a Whatsapp friend urging her to listen to a powerful message. This singular experience is a proof that you are so passionate about it and I graciously thank you so much.

This acknowledgment is not complete without appreciating great men and women of faith who sent encouraging messages to me after listening to the podcast. To those who sent topic ideas and will want us to speak on it, I say that God will continually refresh your life.

Let me separately appreciate wonderful people who at one time or the other sow into our ministry to help advance the work which God has placed in our care. I pray that God will indeed bless you richly in Jesus name. You will not be a victim throughout the days of your life and the purpose of God on your life here on earth shall be made manifest in Jesus name – Amen

Why this Book is Necessary!

Why this Book is Necessary!

When the father of the boy brought his child to Jesus for prayers, he was highly expecting his son to be healed even as he handed him over to his disciples, after all, what Jesus can do, he believes His disciples can do likewise. He stood watching with great expectation but shockingly, Jesus' disciples laid their hands on the boy but nothing happened.

The Bible explained that this frustrated man rushed to Jesus Christ to lodge his complaint saying, *“Lord, have mercy on my son, for he is an epileptic and suffer severely; for he often fall into the fire and often into water. So I brought him to Your disciples, but they could not cure him”* (Matthew 17:15,16). With just one sentence, “Jesus rebuked the demon, and it came out of him; and the child was cured from that very hour”.

This must have surprised the inexperienced disciples and they can't wait to ask their Master where they got it wrong. After the business of the day, the still-baffled disciples will not let the matter just go by and they asked their Master why they were unable to cast out the demons troubling the little child and Jesus told them categorically the reason why they (and indeed we) are unable to bring the hands of God to our situations – “However, this kind does not go out except by prayer and fasting” (vs 21)

With the above illustration, I am able to deduce three reasons why this book is necessary and they are:

a). To revive personal communion – One of the reasons why today's Christians is lagging behind spiritually is that he has lost the power of personal communion with his Creator. Today's Christian strongly believe in sub-letting his prayers to the pastor who already has too much on his hands to have time to genuinely fast and pray for someone. Therefore, there is need for this type of book that will guide Christians to understand what prayer is and thereby grow his/her prayer life.

b). To curb “prayer illiteracy” - There is this thing I call ‘prayer illiteracy’ which is what it means. Listen to prayer points around you and you will

be amazed how ignorant most Christians are. Some years ago, I asked a pastor why he usually ask his congregation to pray that 'demons should die'. His answer was that since everybody pray so, he find it convenient to follow suit (what an irony?). It took me over an hour to lectured him that demons don't die! They are not humans! Even if the person they possess dies, they (demons) will go out looking for another host (human)... Period! You can only cast out demons, human have no capacity to kill demons. Come to think of it, if it is possible, several billions of people want Satan to die and if he can die, won't you have seen his obituary advert on TV?. This point is fully argued in my book, "Demons don't Die".

c). To rekindle the fire of prevailing prayer – Since the above two powerful attributes of prayer has been eroded, there is now an urgent need to rekindle the fire of real prayer so as to be totally free from the tight grip of the powers of demons and of darkness. I totally disagree with the notion that there are techniques of praying. There is nothing like prayer techniques. What Christians need is to learn the prayer-method of as highlighted in the Scriptures.

These are the reasons why this book is necessary. It serves as a re-connection to the source and if connected, it will be easy to tap from the unending grace of the Living God.

This book will give you a step-by-step guide to crushing the powers of darkness in your situation and domain. Let me tell you what I tell everyone else! "If you fail to dominate every spiritual forces of darkness around you, you will be dominated by every spiritual dick and harry around you".

Take this book as a mandate given to you by the Holy Spirit. What is this mandate? To take back what is yours in the first place and also teach you how to hand over the control of your life to Jesus Christ so that it can never be stolen again.

You are born to rule. You are the head and not the tail. You are a son and daughter of the Most High God. You are a peculiar person and not just a person. You are not forgotten as Satan will want you to believe. You are the apple of God's eye. You are wonderfully and fearfully made. You are a winner always. Welcome to a new experience and see you on the podium of testimony.

Why the number 1000?

Though the number of prayer-points in this book is a little above one thousand, I find it not only convenient, it will also greatly help me, you and indeed my publishers to identify it among millions of books out there. Imagine giving this book a title like “1,005 Prayer Points” or “1,105 Prayer Points”. I believe I make a better choice with number 1000.

Someone asked me a question while discussing this book. “Which part of this book make your work difficult?”, he asked suddenly and I said without thinking twice, “placing a Bible verse under the right topic”. You see, finding the Bible verse or the corresponding prayer points are not too much of a work because the Holy Spirit did much of it, but matching the Bible verse with the right topic is a tedious work but I thanks God for enablement.

To make things easier for you to navigate through, the Table of Contents is clickable. If you hover on a topic on the table of content page, and click it, it will take you right to where the topic is in the book. This book contains two major sections and it is important to know how to use it. Before you use this book, you need to know some basic things so as to get maximum benefits.

a). Each prayer-point has at least an accompanied Bible verse. You see! I strongly believe that the Bible is a big-giant prayer book which contains enough prayer points that can last us for our lifetime. For maximum result, I expect you to first read the Bible verse(s) before each prayer point and then pray the accompanied prayers. I expect you to ask me about the issue of closing of eyes while praying. Well, the truth is that opening or closing of one’s eyes did not guarantee anything. We close eyes while praying in order to avoid distractions. So, reading the Bible and praying will not diminish your prayer success but rather, it will enhance your chances of receiving answers. Am I saying that you should open your eyes while praying? NO! What I am simply saying is that make sure you read the Bible verse(s) before you pray the prayer to enhance your prayers.

b). There are some places where the same Bible verse appears. The simple explanation is that the said Bible verse is loaded and more than one prayer points are derived from it.

c). To use this book effectively, you should know how to combine prayer sections. You should start from mandatory prayers before you move to the particular prayer section you initially planned for. For example, if you are praying for divine breakthrough, the best way to go about it is to combine up to five prayer sections like prayers of forgiveness of sin, prayers of thanksgiving and prayers of mercy (These sections are mandatory prayers sections which will precede all prayers: see “To-Do list for maximum result” topic after this) after which you will now combine the prayers of breakthrough with, maybe prayers against poverty or deliverance, as it may fit you. Take note that this book is not designed to be used in one swoop. Take time to pick the ones that meet your need at a given time, preferably, pick between five to seven prayer points in each division. This means that if you use it wisely, you will have, at your disposal, a number of up to 35 to about 50 prayer points for each special prayer program for yourself.

d). Give room for the Holy Spirit to work. One thing I know about the Holy Spirit is that He is not rigid and very unpredictable. Anytime we open the word of God faithfully, the Spirit of God always give us new meanings. If you read a passage, feel free to add your own prayer point to the ones given in this book as the Holy Spirit directs. Remember, no one have a monopoly of the gifts of the Spirit.

"To-Do" list for Maximum Results

- 1. Pray with fasting (Matthew. 17:21)** – Whenever a Christian want to commit a matter in God's hands, it is a serious business. Therefore, it is good, proper and wise to do so with fasting unless you are sick, breast-feeding or on medication. When you do fast, however, the number of days or hours you spend fasting does not guarantee the answers to your prayers but take great care to map out a fasting plan. Don't be too emotional about it because of what you are passing through. If you cannot fast more than some couple of hours or day, don't go beyond that. Just be serious with the time you want to spend with God is the most important thing.
- 2. Start with confession (Psalm. 32:5)** – The truth about God is that we can't hide from His view. He knew when, where, why and how we sin, yet He want us to confess it to Him. The simple reason for this confession is to exhibit how sorry we are. This (confession) alone help lift the enormous burden of guilt from our heart and make it easy to accept the forgiveness God offers. Take note each time you approach God in prayer that there is nothing you can receive from Him unless you first receive forgiveness. Start by confessing your known sins to God - *Please read Psalm 66:18 and Job 11:13-19.*
- 3. Follow with thanksgiving (Psalm 100:4)** - Immediately after the prayers of confession, it is important that you remember that only praises and thanksgiving will open the gate to the throne of God. It is generally believed, though erroneously that prayer of thanksgiving is done when God has done it but the 'Christians of the Bible' rightly believed that it is mandatory to remind God of the great things He has done before they ask for another thing. Therefore, make it a practice to start your prayer session with thanksgiving after you might have rid your life with known sins.
- 4. Pray audibly (Psalm 54:2)** – It is an established fact that many Christians don't know the difference between private and congregational prayers. This is the reason why many professed prayer warriors don't know the difference between praying audibly and praying loudly. When you are using this book, DO NOT PRAY LOUDLY BUT PRAY AUDIBLY. You are not a crowd and you are not making your request known to the man

or woman next door. Your prayer request is to God and He is right there but only make sure you are communicating and speak audibly. Pronounce each word audibly and don't shout as if you are talking to a distant person. He knows your requests even before you said it. He only want you to say it with your mouth.

5. Map out a prayer plan (Luke 14:28) - Most people don't receive from God because they cannot unlock simple Biblical truth. And because they are unable to unlock it, they cannot apply it into their everyday endeavors. Having a definite prayer plan is the first right step to receiving from God. Questions like, "How many hours or days am I spending in this prayer session?" and "What time of the day or night do I prefer?" must be answered before anything else. This will guarantee your level of focus and will help your faith in God intact. Don't bother about the number of hours or days spent in a particular prayer session. Just have a solid prayer plan and you are already in tune with heaven.

6. Pray without distractions (Mark 6:46) – It is indeed funny the assumption of many people that going to any of the various prayer mountains to pray is a guarantee that their prayers is answered. Sometime ago I asked a friend why he prefer going to the mountain for prayers. I was surprised to the response of this man who a senior pastor of a Church. He said, "mountain is the only place God answer prayers". Definitely not! Mountain is not the only place where God answers prayers. God is everywhere and He answer prayers everywhere you chose to call on His name. The reason why Jesus prayed on the mountain is to avoid distractions, period! Ironically, because many people who go to the various mountains to pray did not know why they are there in the first place, they traveled to the mountain top with their mobile phones, laptops and internet access. All these are instruments of distractions. To get maximum result with this book, make sure you work on a definite plan and avoid possible distractions. It is not compulsory that you go to the mountain top. Your bedroom is good enough and you can also use your Church auditorium when you are sure there will be no service. During the period of prayers, switch off your phone or better still, put your phone in silence mode and keep it somewhere so that whatever call you missed will be attended to later. You can accompany yourself (if you are spending several hours a day) with your Bible (Study Bible will do) and notebook (meditation time is inspiration time and you can't afford to miss any information directly from heaven). You will agree with me that with phone in your hand while

praying, you are exposed to far too many distractions like receiving and making calls, play games, browse the internet to check the papers, check your mails or use social media.

7. Pray believing (Heb. 11:6) – Someone once asked in a Bible Study Class that, “Is it possible to pray and not believe in those prayers?”. My answer is YES!. See! Unbelief is a strange thing living in the heart. It is deposited deep in the core of man's heart by Satan. The way it works is simple! Unbelief allows us to doubt God's ability to do something. It is “Satan vs Eve” war re-enacting continuously in our hearts. The Bible says, *“Therefore I say to you, whatever things you ask when you pray, believe that you receive them, and you will have them (Mk. 11:24)”*. This is not hard to do! It is a simple directive: Pray and believe it is done – How? When? Are not your concern.

8. Never pray in the name of anyone – I have thought in several gatherings (and spoke about it in more than one episode of your powerful podcast, “Ohun Aanu”) about the dangers of praying in the name of your pastors. What do I mean? For example, my names are Samuel Adeosun and assuming I am your pastor and you start praying referring to the living God as the God of Adeosun, it is a total disobedient to the simple directive of God. I hope your pastor will be humble enough to tell you that it is not biblical. In fact, the danger is far more damaging than what you can ever imagine. The Bible, in the book of Exodus 3:15 says, *“Moreover God said to Moses, "Thus you shall say to the children of Israel: 'The LORD God of your fathers, the God of Abraham, the God of Isaac, and the God of Jacob, has sent me to you. **This is My name forever, and this is My memorial to all generations.**"* (emphasis mine). Why people find this hard to do amazes me and I am even baffled that pastors refuse to teach their followers simple biblical truth. Rather, pray in the name of the God of Abraham, Isaac and Jacob. God said it is His name forever and we should know what forever means. So, to be on a safer side so that no one will sell you into what you will come to its realization on the judgment day (when no corrections can never be made), pray according to what the Scriptures teaches.

9. Give when you pray – I love to give a lot! In fact, the only thing that make me uneasy is if I am unable to give something. It has been my habit to give and I was taught by my mother when I was a child that no matter how small, I should give to God after ended my prayer sessions. This has

since been part of my worship life and it is rewarding. So, I will encourage you to give after prayer. You know that God promised to make your account heavy if you are able to give.

10. Don't pray too many Prayers (Isaiah 1:15; Matthew 6:7) – As you now know that this is a big book compiled for a decade, it is not meant as a one-time prayer book but a long-time companion. This is the reason why I advice you to “map out a prayer plan” (see number 5 above). Unlike some prayer books that was meant to pray a certain hundreds of prayer points within a certain prayer session, this book is a treasure that can only be tapped bits-by-bits. Learn how to pick five to seven prayer points from about five to seven prayer divisions and use them for a fasting and prayer session. Trying to pray all the prayer points at once might not bring the desired result even if you are using it for a week-long Church program. Praying many prayers cannot guarantee success. What guarantee success is getting rid of sin and focus on what you want at a given time.

prayer lives and to rekindle the prayer fire. Let me also use this opportunity to remind you what the Psalmist said about prayerful Christians in Psalm 66:18 “If I regard iniquity in my heart, The Lord will not hear”. The key to receiving answers to your prayers is living a life in line with the dictates of the word of God. “What shall we say then? Shall we continue in sin that grace may abound?” - Romans 6:1.

Below are two important sections. The first, 5-Finger Daily Prayer Method is aimed at rekindling the fire of daily communion with God. It is also aimed at re-discovering the “hour of Prayer” as the people of old do observed and thereby were richly blessed. It not only get you closer to God, it also make righteous living easy.

The second section is focused at special needs. There are lots of things life can throw at us and this is why we need to build a strong prayer life to confront and stand firm in the day of trouble. As children of the Most High God, we have a Father who will never fail us when we take our matter to Him.

Note: Please note that if you have a special prayer or you want us to pray with you, kindly go to our [website](#), to send your prayer request. You can also share your testimony on the website.

1. Five-Finger Daily Prayer Method

“Now Peter and John went up together to the temple at the hour of prayer, the ninth hour”. Acts 3:1

The first time I read this passage, I was curious about “the hour of prayer” and it encouraged me to researched on how the Israelite worship God. It was interesting to find out several things about the prayer life in Israel and one of the things I discovered was the hours of prayer and how it was done. Since then, I made it my daily rituals to pulse and commune with God for some minutes on each “hour of prayer”.

This has made me a better person and now that am used to it, I not only find it rewarding, it is a tool I use when I counsel people. I will teach Christian friends on how to get closer to God by observing the “hour of prayer” daily and the result has been great as most people that follow this pattern always come back to give me the testimony that it make them a better person and get them closer to God.

To start today, if you are in Nigeria, just set your phone alarm to 7am, 10noon, 1pm, 4pm and 7pm daily since Nigeria is two hours behind Israel. If you live outside Nigerian Time Zone (GMT+1), calculate when is 9am, 12noon, 3pm, 6pm, and 9pm daily. Your phone will, at those times alert you to pray even if for 1 minutes for a beginner. Simple? Yes! It is as simple as that. It is guaranteed to bring you closer to God. Mark my word!

2. Special Prayer Plans

I thank God for your life that you come across this book. The reason is that the prayer points in it is not the only thing that you will benefit from. We also have other prayer plans that is not and will not be published. They are meant for desperate situations!

If you want to partake in any of these prayer plans, please go to the [contact page on our website](#) to make request and we will quickly send you the requested prayer plan and all the guideline for a result oriented prayer program. All the plans are in pdf format and you must have a pdf Reader to open it either on your computer or mobile phone. All prayer plan is FREE without any obligation whatsoever.

As the Lord enables, we will continue to expand the prayer plans to accommodate other desperate situations. If you have any ideas, please let us know and we will work on it. You never can tell, you might be saving someone’s life somewhere. The present prayer plans to choose from includes:

30 days Powerful Ministry Breakthrough Plan (For Pastors Only).

Good to be a Blessing

This book is a work that span a decade! Yes! It is a slow process. It is like writing a Bible commentary! The work requires that I open each page of the Bible, go through in order to collate the necessary Bible verses and rely on the Holy Spirit to guide me on the corresponding prayer point. Please follow all the steps mentioned in this book carefully for maximum result.

For many years now, the entire fund used by this outreach is sponsored solely by Pastor Sam Adeosun but as the work is getting bigger, there is need for people like you to come in to help share our burden. As at October of 2016, his sponsorship reduced to about 80%. There are lots and lots of work to be done. If you and I do nothing at this time, wolves in sheep clothing will take the center stage and devour as many millions as possible.

Who knows who is next to be delivered from false prophets and apostasy?

We never envisaged that this outreach work will be as big as this in so short a period!

Who knows, with your financial assistance how big it will be in five year's time!

We serve it to you freely without any obligation. If you are blessed through it and you are led by the Spirit of God to give to Sam Adeosun Outreach, to make it easy for us forge ahead and most importantly, to launch other projects that are dormant due to financial constraints, please don't hesitate to do so. Kindly go to '[sow seed](#)' page. OR send sms (+234 905 667 4428) to request for account details.

God will richly bless you as you heed our call.

Note: To use this section, make sure you follow this information faithfully.

- a). Give thanks to God for this opportunity and because God do answer your prayer. Do this before you leave home.
- b). Ask for forgiveness of your sins and that of the person you are about praying for before you leave home.
- c). Go with faith in the name of Jesus Christ. (Please never pray in the name of any pastor, prophet or overseer. If you must use "the God of...", use "The God of Abraham, Isaac and Jacob". This is the only name sanctioned by God to be used in Prayers FOREVER and a memorial to ALL generations. See Exo. 3:15).
- d). Go with anointing oil. (Just anointing oil. It does not necessarily mean that you have prayed over it before now. You can even buy it on the way to where you are going).
- e). Have faith that whatever you prayed for is answered.
- f). Don't pray for the sick with the intention of taking the glory for yourself. Pray with the intention of giving God the glory. Remember that wherever His name is lifted, He will respond mightily.
- g). If the sick person is an unbeliever, speak first about Jesus Christ with him/her. He/she must give consent and understand that his/her faith is required in the process of healing. The sick person must also renounce all native remedies and rituals used before now.
- h). Read the corresponding Bible verse to the hearing of the sick person before praying the prayers.
- i). Note that every true child of God have the capacity to heal the sick.
